

Years ago, before many of us started sailing, YRUSC promoted the PACIFIC OCEAN RACING CONFERENCE (PORC). It has now been resurrected as the Ocean Racing Championship (ORC) in the form of eleven existing long distance open ocean races organized by YRUSC member clubs. The purpose of ORC is to promote and develop competitive ocean racing.

Skippers are recognized for their overall performance in the best four-of-eleven listed ocean races. Contestants are divided into three handicap classes and are awarded points based on their performance in their respective handicap classes. A perpetual trophy is awarded to the winning skipper of each handicap class. The class winner with the highest point total is awarded the **BACCARAT** Trophy, the class winner with the second highest point total is awarded the **JACK FROST MEMORIAL** Trophy, informally known as the King of Sweden trophy, and the class winner with the third highest point total is awarded the **MARK SEGAL MEMORIAL** Trophy. The trophies are usually presented to the winners during the opening day ceremonies of their yacht clubs.

ORC ELIGIBILITY

To be eligible a skipper must finish a minimum of four of the designated ORC races. All qualifying races must be sailed using the same PHRF certificate. If more than four are sailed, the best four will be scored. Ties will be broken by the number of miles sailed in the best four finishes, then comparative times in the same races.

NO EXTRA FEE OR ENTRY FORM IS REQUIRED BY YRUSC. Interested skippers must contact the organizing Yacht Club to enter the race.
